LOOKING FOR A COMPETITIVE ADVANTAGE IN THE MARKETPLACE?

VALUE ADDED

WATER QUALITY SOLUTIONS!

A Simple Lab Test will Determine any Potential Concerns with Your Water and the Appropriate Solution.

ISSUES	SOLUTION	ADVANTAGES
Odor and Bad Taste	Carbon Filters	Removes chlorine and other taste and odor causing compounds.
Particulates Rust, Sand, etc.	Cartridge Filters	Removes particles down to 5 microns in size.
Hard Water Scale	Water Softeners	Keeps equipment from scaling improving maintenance downtime and overall life.
Dissolved Solids & Salts	Reverse Osmosis	Greatly improves ice quality-ice is clearer and harder. Requires less time and energy to freeze which increases capacity.
Bacteria	UV Sterilization	Keeps the ice safe for human consumption!
