

An important announcement from...

MODERN ICE has learned of an announcement of a resin increase (the second in three months). This does not always correlate into a bag price increase. Resin, however, represents a significant percentage of the cost in bag manufacturing.

Effective August 1, 2009, the Dow Chemical Company will increase the selling price of all polyethylene resins in the United States US \$0.04/lb.

This price increase is in addition to all previously announced increases.

PRODUCTS INCLUDED IN THIS PRICE INCREASE ARE AS FOLLOWS:

- ATTANE Ultra Low Density Polyethylene (ULDPE) Resins
- DOWFLEX Polyethylene (LLDPE) Resins
- ELITE Enhanced Polyethylene (EPE) Resins
- FLEXOMER Very Low Density Polyethylene (VLDPE) Resins
- TUFLIN Linear Low Density Polyethylene (LLDPE) Resins
- ASPUN Ultra Fiber Grade Resins
- CONTINUUM Bimodal Polyethylene Resins
- UNIVAL High Density Polyethylene (HDPE) Resins
- All LDPE Resins
- All other HDPE and LLDPE Resins

AS ALWAYS, MODERN WILL CONTINUE TO STRIVE TO PROVIDE OUR CUSTOMERS WITH THE BEST SERVICE AND PRICING!
